PROFILE

Integrated MCA student interested in software and web development, problem-solving, and user-focused digital solutions. Building practical applications through hands-on projects, API integration, and collaborative development.

EDUCATION

Integrated Master of Computer Applications — **2023 – Present**
Amrita Vishwa Vidyapeetham

Higher Secondary – Computer Science — **2021 – 2023**
CBSE · 77%

Secondary School Education — **2021**
ICSE · 85%

TECHNICAL SKILLS

Programming Languages Python · Java · C · C#	**Web Development** HTML5 · CSS3 · JavaScript · Node.js · Express.js
Database MySQL · SQL	**Tools & Platforms** Git · GitHub · Visual Studio Code · Android Studio

PROJECTS

EventFinder – Opportunity Discovery Web App — **2026**

HTML · CSS · JavaScript · Node.js · Express.js · Brabble API

- Built an application for discovering hackathons, coding contests, competitions, and innovation opportunities.
- Integrated an external API and implemented city, category, and deadline filtering with dynamically rendered listing cards.
- Repository: github.com/Adithya3451/event_finder

Personal Portfolio Website — **2026**

HTML · CSS · JavaScript · GitHub Pages

- Developed and deployed a portfolio presenting technical skills, projects, and contact information.
- Live site: adithya3451.github.io/portfolio

AI-Based Upskilling Learning Management System — **Jan 2026 – Apr 2026**

Team project · NextGenPro Innovations · 5 members

- Contributed to an AI-powered learning platform with course management, assessments, performance tracking, and certification features.
- Worked on psychometric tests and AI-based mock interview modules for skill evaluation.

Memora – Smart Reminder Application — **Jul 2025 – Nov 2025**

Team project · 5 members

- Contributed to a reminder application supporting people with ADHD and early-stage dementia through task scheduling and notifications.
- Worked on caregiver support features, accessibility-focused interfaces, planning, documentation, and requirements analysis.

CERTIFICATIONS

- **IBM SkillsBuild (2025):** Web Development Fundamentals.
- **Infosys Springboard (2025):** Introduction to Python, Basics of Python, Introduction to Machine Learning.

- **HackerOps (February 2025):** Hack, Defend & Disappear – Offensive Security & Digital Footprinting; 3-day boot camp at Amrita Vishwa Vidyapeetham, Kochi.
